Greg Walker-Wedding Information

Basic Fee for Weddings performed at Ocean View, including one wedding rehearsal and the ceremony.

- \$200.00

(Extra charges apply for any extra rehearsals with soloists or instrumentalists.)

Fee for sound man only:

- \$100.00

Fee for Weddings performed at other churches.

- \$275.00 in the Southport/Oak Island area.

(If a piano is not available and I need to bring my own equipment, there will be an additional charge.)

Information for Use of the Ocean View Sanctuary:

The only furniture items that can be moved without assistance from the hired soundman are the altar table and plant stands. Pulpits have microphones connected through the floor that must be disconnected by our A/V tech.

Musical instruments, microphones, etc., are not to be moved under any circumstances. If a microphone is needed in the stage area in addition to the pastor's lapel mic, or if you need cd's or videos played, an OVUMC soundman must be hired for your event.

For use of the piano: If you have hired a soundman, he will take care of unlocking the piano for you. If you have not hired a soundman, arrangements must be made with the Director of Music to have the piano unlocked for you. This is for the piano only; a singing microphone will require a soundman.

If Greg Walker is hired as the musician for your event, most sound issues can be covered by Greg and will not require an additional sound man.

(See below for Songs to be Chosen)

Songs to be Chosen

Prelude: I normally play for 20 - 30 minutes prior to the service. You may choose this music, or I will play standard wedding music.

Processional: The most used song is “Trumpet Voluntary.” This can be played while everyone except the bride enters.

Bridal March: Typically the “Bridal Chorus,” but can be anything you want.

Lighting of the Unity Candles: This is a good place for a vocal solo, but not necessary. If you want, I can just play softly while the candles are lit.

Recessional: Typically the “Wedding March,” but can be anything you want.
